PRODUCT FEATURES

- Simple and elegant design
- Diverse possibilities of customization
- 90° adjustable controller
- Removable controller
- 102mm from top of the tank
- Programmable regeneration cycle times
- Downflow or upflow regeneration cycles
- Soft water regenerant refill
- No pressure to brine tank during service
- Mixing valve to control hardness at the outlet

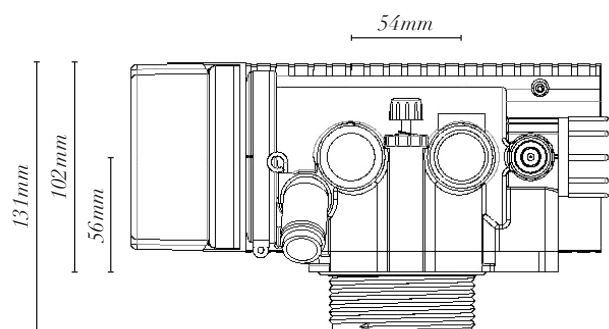

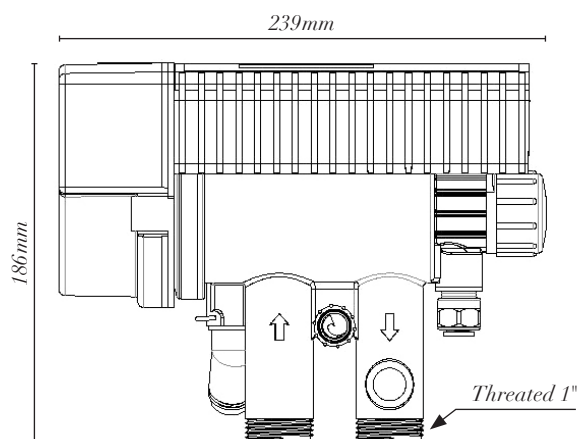

SPECIFICATIONS

- Valve body: Noryl
- Tank sizes: 6" - 13"
- Resin volumes: 4 - 80 liters
- Water temperature: 1° - 45°C
- Ambient temperature: 1° - 50°

PERFORMANCE

- Service flow rate:
3,2 m³/h @ 1 bar drop
- Backwash flow rate:
3,1 m³/h @ 1 bar drop

DIMENSIONS

Scale 1 : 2,7
